Globe-Wernicke Sectional Cabinets.

A SYSTEM of units—capable of unlimited extension horizontally or vertically—a growing cabinet keeping pace with your business—built up of units fitted with all the most modern devices for filing business papers. A complete cabinet may comprise one unit or one-hundred units. Illustration shows cabinet comprising base, top and four units. One cabinet may contain practically anything and everything wanted in a business office.

Wernicke Elastic Bookcases.

MADE on the Unit System and under the same patents as the Globe-Wernicke Cabinet. Units fitted with dust-proof glass doors and made in different heights and depths and also in different woods. The only bookcase made adapted to a growing library.

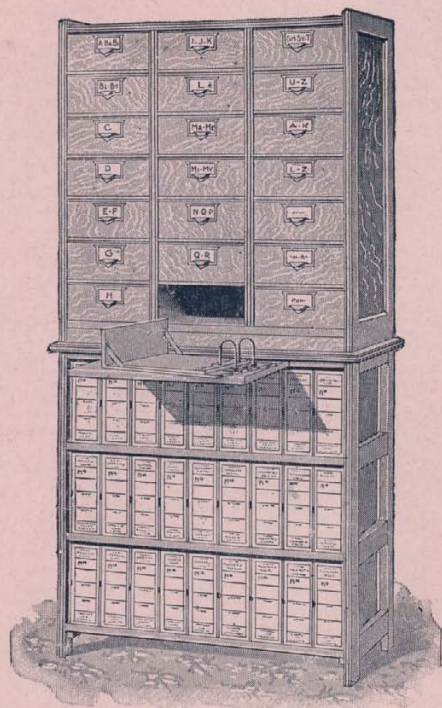

Commencing with ten or a dozen books in a one unit case and expanding unit by unit, a library, be it large or small, may always be properly cased and at a minimum cost.

Send for booklet containing full description and net delivered price list, from which there is no deviation.

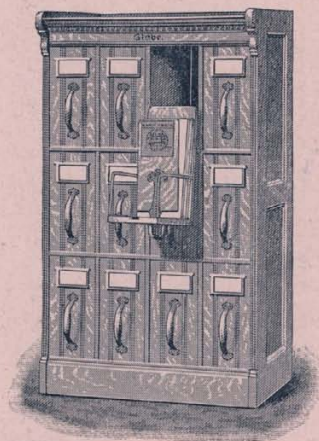

Globe Filing Cabinets.

THE best and most extensively used in the world. Made in two grades, and in sizes ranging from two files to seventy-five files. Fitted with all the modern attachments, including suspending device on files, where wanted.

Columbia Filing Cabinets

EMBODYING files fitted with a double arch on which letters are filed—the most perfect double arch system made. Stock sizes from two to seventy files in cabinets with or without roll fronts.

Globe Document Cabinets

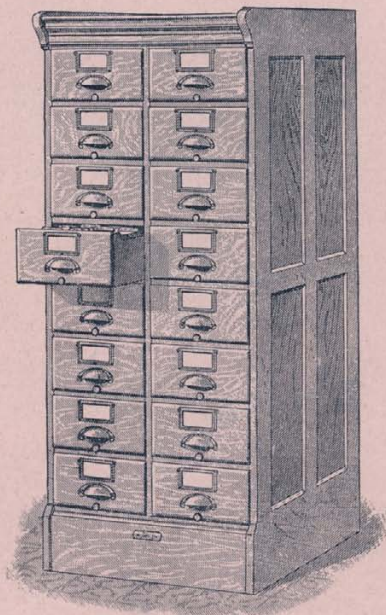

FOR holding folded papers and documents.

Made in sizes ranging from 12 to 60 files and with or without roll fronts. The files, in several sizes and fitted with jackets, are also sold separately. The G. W. Document Cabinet, less expensive than the Globe Document, is furnished in sizes from 16 to 72 files, and the files alone, in various sizes, are also sold separately.

Globe Mercantile Report Cabinets

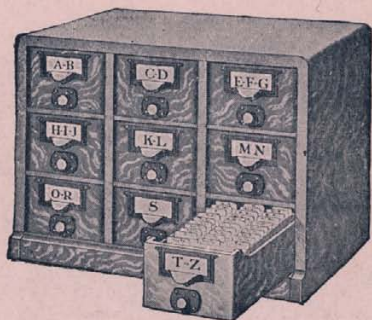

CONTAIN files for holding heavy manilla folders placed on edge between indexed or numbered partitions operating on a rod and held in upright position by an adjustable compressor or follower. Folders are designed to hold reports and all credit information on customers. The most complete credit report system made. Furnished in sizes from six to thirty-two files.

Globe Check File Cabinets

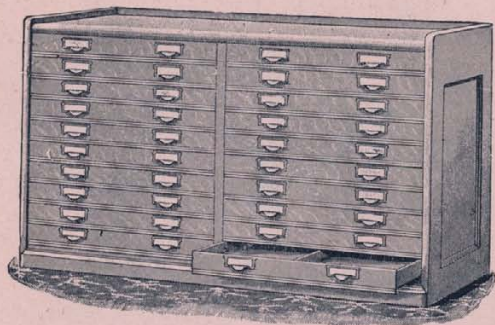

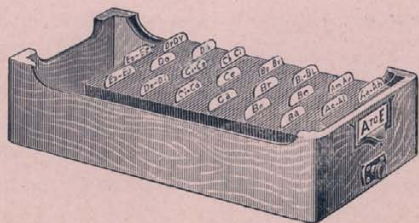

FOR filing checks, notes, receipts, drafts, or any papers measuring $9\frac{1}{4} \times 4$ inches and smaller. Each file fitted with 40 adjustable indexed partitions between which papers are filed on edge.

Designed especially for banks but also adapted to uses of business houses. Made in sizes ranging from two to twenty-four files.

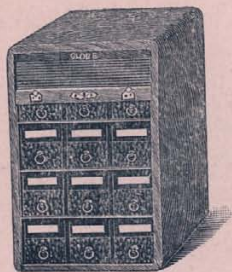

Globe Card Index Cabinets

CONTAINING files or drawers for holding cards systematically filed on edge between indexed guides. Cards are designed for records of any kind — costs, quotations, customers or circular lists, statistics, memoranda, anything. Cabinets furnished with single drawers or with double drawers with extension slides and in sizes ranging from one to one-hundred drawers.

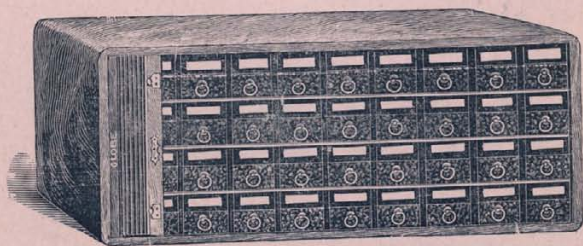

Globe Legal Blank Cases

THESE cases are handsomely finished in antique Oak, each drawer being fitted with two combined pulls and label-holders. The drawers are double width, divided in two compartments by movable partitions, each compartment accommodating a regular size legal blank. By removing the partition, a blank twice the usual size can be accommodated. The full size of drawer inside is 18 inches wide, $14\frac{1}{2}$ inches deep and 1 inch high. Made in a variety of sizes from 6 double drawers up. Also furnished in combination with single drawers and with pigeon hole boxes.

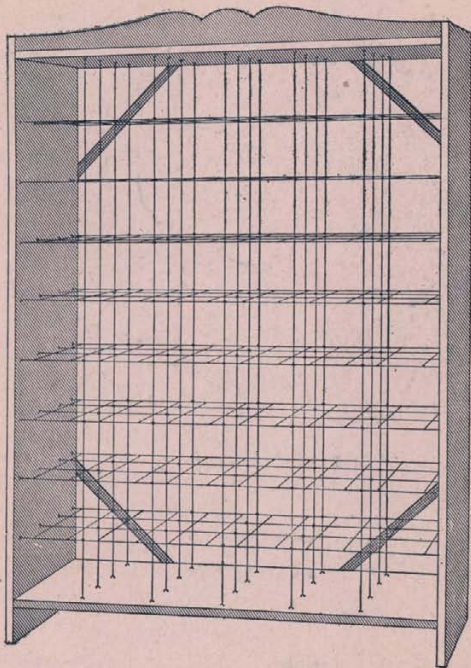

Globe Pigeon Hole Cases.

FITTED with substantially made and nicely finished document boxes on front of which is a ring pull and adjustable label-holder. The cases are well finished on four sides and substantially made, the corners being dove-tailed (lock-joint) and rounded perfectly smooth. The boxes with which they are fitted being of equal width and height, the cases can be used either in upright or horizontal position by simply turning the box one quarter-way around. Cases furnished in Oak, with or without roll front and in sizes ranging from 6 boxes to 112 boxes.

Globe Copying Press Stands

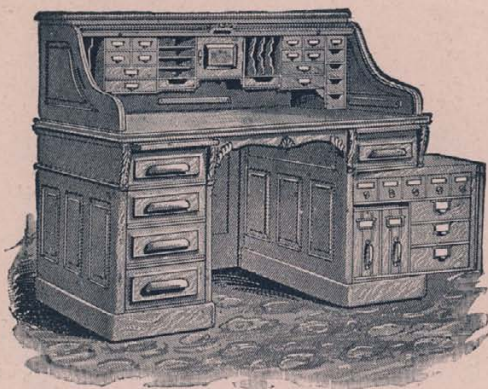

WITH one drawer, two drawers, four drawers, six drawers; with drawers and cupboards; with wood frame and iron frame; with slides pulling out at side or in front; in styles, sizes and prices to suit all tastes and fill all requirements.

Patented Dec. 8, 1891.

Acme Wire Partition Racks

WITH wood frame, wire shelving. Clean, light, strong, attractive. For holding newspapers, magazines, periodicals of all kinds, circular matter, etc. Made open back and front, with wood back, and with back and doors, in a variety of styles and sizes.

Globe Desks

Of all kinds, sizes and prices.

ROLL TOP DESKS, high and low roll, from $3\frac{1}{2}$ to 6 feet long, with drawer pedestals and revolving pedestals.

FLAT TOP DESKS, single and double, from $3\frac{1}{2}$ to 6 feet long, with drawer, cupboard and revolving pedestals.

STANDING DESKS, single and double, 4 to 8 feet long, on legs, or pedestals containing drawers, book stalls, shelves, pigeon holes, etc.

TYPEWRITER DESKS, roll top, single pedestal flat top or double pedestal flat top.

TABLES for office or directors rooms, from 4 to 8 feet, in several grades.

CHAIRS, STOOLS and COUCHES for office and library.
